

Catalogue April 2022

Manufacturers of High Quality
Brass Letters, Emojis & Dies

Plus affordable Hot Foil Stamping Machines & Accessories

Our Brass Letters & Emojis will work with other machines too that have a Type/Letter Holding Device. Letters & Emojis are 0.9195" in height (almost 1" high or 23.35mm)

List of Contents:-

- Page 1: Quantity of letters per set
- Page 2: List of fonts with page numbers
- Page 3 - 24: Our standard fonts available *
- Page 25: Prices of Brass Letters (GBP, USD, AUD, EURO)
- Page 26: Emojis
- Page 27: Slip Cases to hold letters in a straight line
- Page 28: Prop-Up Bars
- Page 29: Brass Dies (Logos made from your artwork)
- Page 30: Machine & Accessory Options (Overview)
- Page 31: ZX-40 Ribbon & Sticker Printer

* We can make other fonts, including European Accents and Foreign Fonts - please send us a font folder for a quotation.

Important!

Brass Letters are made to order with a lead time of about 2-3 weeks depending on our workload, time of the year etc. Full payment is required with order. No refunds can be made for whatever reason for 'Made to order' items. We cannot be held responsible for delays, however caused. Please plan well ahead if you have any upcoming projects or events.

Creative Printers of London (Since 1986)

Unit B6, Bernard Road, Romford, Essex RM7 0HX (UK)
Tel: 01708-731294 Intl: +44 1708-731294

email: cplsales@print1.co.uk
www.hotfoilstampingmachines.com

All of our Brass type is made to 23.35 (.9195) Printers height
 The letters are flush to the top of the brass.
 The diagram on the right shows the position of the letters when engraved, the bottom of the E shows the beard
 this space is to allow for lower case letters without (in most cases)the need for decenders.

When ordering please specify the Style, face height in mm, the point size (body height) and the combination.

Our point sizes range from 8pt upto 48pt larger sizes available on request.
 Please see the traffic light system throughout the brass type catalogue to see which sizes are available for each style.

- Available in Brass Type 8pt-48pt
- Available in Brass Type 18pt-48pt
- Available in Handle Letters 10pt-60pt

Quads and Spacers are available for each point size
 each set consists of 12 Quads and 50 hair spacers.

Our Brass Letters/Type/Emojis can also be used on other makes of Hot Foil Stamping Machines too as long as they have a method to hold Letters/Type. If unsure, please contact us and we will be happy to help you further.

Our standard combinations are below, if you require a different combination please let us know and we will be happy to supply a custom combination. If a different font is required other than our catalogue styles, please send a ttf file so we can quote accordingly.

Important!
 Brass Letters are made to order with a lead time of about 2-3 weeks depending on our workload, time of year etc. Full payment is required with order. No refunds can be made for whatever reason for 'Made to order' items. We cannot be held responsible for delays, however caused. Please plan well ahead if you have any upcoming projects or events.

100 PIECES LOWER CASE COMBINATION
 a b c d e f g h i j k l m n o p q r s t u v w x y z
 6 4 4 4 6 3 3 4 6 3 4 4 4 4 6 3 2 5 5 5 5 2 2 2 2 2

Extra letters can be purchased, please enquire

Emojis

Apart from making brass type, we can also make special type-high emojis for you from your black and white artwork.

As these are made 'type high', you can use them together with your type as shown in the middle image below. For a quotation, please email us your artwork.

The image on the right hand side shows 'Type high dies'. There are similar to the above emojis but only larger. As such, they may not fit inside a Slip Case as such but will lock into the Chase. This thus also makes them suitable to be used with our brass type.

PLEASE NOTE

Prices shown in EUROS, USD & AUD are shown as guide prices only. The actual prices will be charged in British Pounds (£) as shown on Page 25 . All prices +VAT. No VAT is charged if we are exporting outside the EU or those in the EU who have a valid VAT Number. UK residents must pay VAT.

Price of Lowercase letter are the same as Capital letters.

Currently, we only supply 'Slip Cases' in the following sizes: 10pt, 12pt, 14pt, 18pt, 24pt, 30pt, and 36pt, 42pt & 48pt (Please refer to Page 27)

Prices are liable to change without any prior notice.

* The time required to custom make brass type is about 2-3 weeks depending on our work load and the time of the year. Full payment is required with your order please. As these are special orders, we cannot accept returns, exchange or offer refunds under 'Change of mind' etc.

Slip Cases for Metal or Brass Letters/Type

Image 1 shows a range of Slip Cases in various point (pt) sizes which we supply to hold metal or brass type. Internal measurements are about 4" (100mm).

Image 2 shows brass letters held securely within a Slip Case. Quads & Spacers are used to fill in excess space within a slip case and also to leave greater character spacing between individual letters, if required.

The example on the left shows us using two Slip Cases/lines of type.

In the top line, we are using an emoji and the second line, we using text.

The machine which we are using here is the Foilcraft 4x3 where the excess spacing is filled in long pieces of aluminium bars known as 'Spacing Furniture'. These are supplied with the machine at no extra cost (free of charge).

Prop Up Bar for Foilcraft Junior and Foilcraft EZ Pro

Prop up bar is a useful tool which helps to lift type and slip case away from the surrounding spacing furniture. This helps to avoid any misprints which can sometimes be caused by spacing furniture, especially when pressing onto soft surfaces. Prop up tools are an optional extra and are available in 18, 24, 30 and 36pt and possibly other sizes upon request.

STEP 1

When printing, it is always good practice to locate your type towards the centre of the chase (in all directions).

Fill bottom section of chase with spacing furniture and then place your pro up bar as shown in image.

STEP 2

Next, place your slip case/type on top of the prop up bar

STEP 3

Fill the remaining part of the chase with spacing furniture and secure by locking the two screws at the top of the chase.

Please make sure that letters, slip cases etc are all flush before you switch the machine on.

STEP 4

Bring handle down gently onto your product and square up the print head by carefully adjusting the four press screws if required.

The chase should now be ideally parallel to your product and you should be able to create a 'blind impression' onto a piece of card by applying pressure onto the handle. Once you are happy with everything, switch on the machine and when ready, create a test print before printing onto your products.

Brass Dies

We can engrave Brass Dies from your black and white artwork. Our dies are deep etched which make them very suitable for stamping onto leather. With deep etched dies, you are sure to benefit from a clean and crisp print, everytime.

Brass Dies are hard wearing when compared to those made with other inferior materials.

We can accept artwork as jpeg, Adobe Illustrator (AI), PDF's etc . Please save them as high resolution in black and white and avoid very thin lines, small fine print, dots, halftones etc as they maybe more difficult to engrave and very small letters or lines very close together may 'fill in'.

Please email us your artwork for a quick quote.

Please note: Special orders for dies, type and emojis are non refundable as they will be custom made for you - this is clearly covered under the 'Distance Selling Act'.

Firstly, select your machine and then add any accessories, as required

Do you require Economy Letters?
If so, do you require them in Capitals & Lowercase or Capitals only?
Also what point size and style?

Do you require Brass Letters?
If so, do you require them in Capitals & Lowercase or Capitals only?
Also what point size and style?

Slip Cases
How many lines do you wish to print in one go (eg, just one line for initials or more?) This will determine how many Slip Cases you will need

Floating Bed
If are opting for the Foilcraft EZ Pro then do you require the Floating Bed to print onto Bags?

Lock-A-Block
If you intend to use 1/4" thick dies on the Foilcraft EZ Pro then do you require the Lock-A-Block to make attaching and removing of dies

Pencil Holder
If you wish to print onto pencils, then you will require our optional Pencil Holder which works with the Foilcraft Junior and the Foilcraft EZ Pro

Foils
We supply a standard grade metallic gold foil free with each machine, do you require any other colours or premium grade foils?

If you love Personalization, then you will also love our ZX-40 Digital Ribbon Printer too!
